our bedroom feels larger, more luxurious, when you extend its stylish comfort to your closet with the Classica organization system. Beautifully crafted, Classica organizes and complements a range of storage spaces, especially the master closet. Classica provides timeless beauty in colors that integrate with furniture throughout your home, to create the organized and elegant storage solutions you've always dreamed of. Decorative door fronts and drawer pulls add a contemporary appeal. Corner shelves and accessories offer unique configurations that allow you to truly customize your storage solutions to your lifestyle.

### *Designed with Beauty and Strength in Mind*

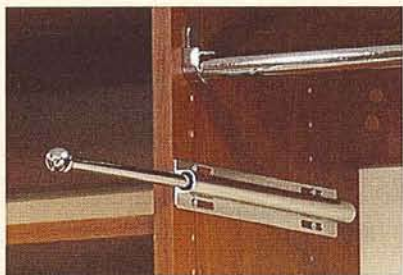

Classica brings beauty and strength together to create a storage solution that will work for you for a lifetime. Classica is engineered for strength with the strongest cleats and cams in the industry. Constructed from durable  $\frac{3}{4}$ " melamine, Classica components are offered in 14", 19", and even 24" depths to provide design flexibility.

### *Traditional Style Meets Contemporary Appeal*

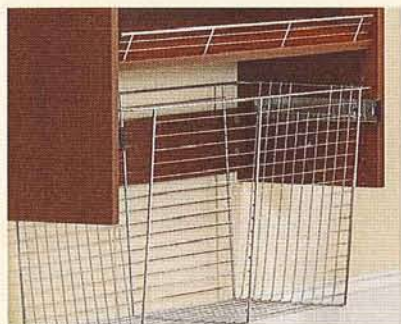

Decorative doors, drawer fronts, and crown molding combine with stylish drawer pulls for an elegant finishing touch. Traditional plain door fronts are also available. Classica is available in Cherry, Maple, White and Bisque to complement furniture throughout your home.

## *Accessories to Complete Your Storage Solution*

Innovative and functional accessories ensure your closet is as effective as it is beautiful. A chrome Next-Day Rod is ideal for staging tomorrow's outfit or drycleaning. Pull out chrome baskets in varying sizes keep frequently used items easily accessible. An elegant jewelry insert safely stores small items. And for effective, easy to use shoe storage and display, specify the Classica Shoe Cubby or decorative Shoe Shelves.

### *Mounting Options*

Your new Classica closet can be floor mounted to maximize use of all available space, wall mounted to get everything off the floor, or a combination of these for a customized closet to fit your storage needs.

Because of the superior strength of Classica cleats, your cabinets can go as high as you want in homes with 9' or 10' ceilings. Corner shelves and 24" deep shelves also allow you to tailor your Classica closet.

### *Other Storage Areas*

Form and function come together in this spacious pantry you'll be proud to show off. Store everything from extra tall cereal boxes to squat jelly jars. A Classica pantry keeps everything organized and in easy reach.

Ideal for additional shoe storage or to create a working space for folding or hanging clothes, a center island adds a useful new element to your closet configuration.

This center island, shown in Maple, includes a Hamper Basket, Chrome Baskets, and Decorative Drawer Fronts.
