## SPECIAL SAVINGS ON ARCTIC BLANKETS

**55 Gallon Drum Arctic Drum Warming Wrap  
w/2 Temperature Settings | 0512DW**  
**Promo Price: \$499 (List Price: \$624.90)**

Arctic Warmers offer a fast, safe, economical and energy saving way to heat plastic or metal 55 gallon drums. The drum warmer wrap heats up faster, cools down slower and uses considerable less electricity than conventional band heaters. Designed to keep products at optimum temperature, this product is a drum warmer, not a drum heater. Drum Warmer Maximum Heat 100°F / Low Temp 80°F  
36" High x 83" Long  
Voltage: 120 VAC – High/Low Switch for 800W or 400W

## SPECIAL SAVINGS ON LIGHT GRAY SIDEWINDER SLEEVES

Spray foam hoses take a beating when pulled around job sites. It's not long before roll after roll of duct tape is used in an attempt to patch and repair existing hose socks. We have seen it all, carpet underlay, insulated tarps, even denim pants used to protect and insulate spray hose. Now, your operators hate how bulky, unwieldy and cumbersome the hose is to operate. Production slows, profits decline, and colder temperatures present the challenge of maintaining proper SPF temperature. The New Industry Standard Has Arrived! As a solutions provider, we have revolutionized how Spray Foam contractors operate by developing SPF Hose Wrap and Coupler Guards designed to maximize yield and performance by providing unmatched abrasion protection and thermal retention.
