Fusion® AP Gun Parts Kit
Even a Small Part Can Make a Big Difference
Save time with genuine Graco parts

Are you breaking down your gun every day so cheap O-rings will last longer? That time adds up to some serious overhead. Ten minutes a day = 200 minutes per month. That’s 40 hours per year – an entire work week! Per gun!

With genuine Graco parts, it’s recommended to break down your gun only once per week. That’s just 40 minutes per month, or eight hours per year.

You can find a better way to spend four extra days per year, can’t you?

See your Fusion AP gun in an exploded view

Get a closer look at your genuine Graco parts with the exploded view poster series. Each gun has a corresponding exploded view poster to quickly identify where a part is located and what the part number is. For a printed copy, see your Graco distributor.

Eliminate unnecessary downtime

Keep this kit in your spray rig and eliminate unnecessary downtime.

Improve uptime with convenient Graco Gun Parts Kits. You’ll always have the proper wear parts on hand for your Fusion Gun. Kits contain everything you need to rebuild and repair your guns: side seal cartridges, mix chambers, O-rings, air caps, check valves, mesh filters, fluid valves and more.

- Kits offer a 10% savings versus buying parts individually
- Compartments are clearly labeled with part numbers making reordering a breeze
